往北边走吧，北边有草原、河曲。望不尽的草原。

往南边走，靠海的地方有许多城市，还有山，山上是浓得张不开手的丛林。

湿热的空气比干冷的空气要重、要黏，裹在身上。

人像鱼一样，在空气里游泳。

你知道的，我很想念他/哪里。

那片大陆。

大陆望不尽的远端，延绵不绝的土地，还有海峡连着岛屿。你知道的，那里的海面不是一望无际的，海上总有岛屿和渔船。夜里，渔火在天边连成虚虚点点的线，和海波、热浪一起浮浮沉沉。

你知道的，往另一边走，是山川和平原。我不常去那里，但我还是想念他。山坡上土有煤烟的味道。看着是黄色的，吸进鼻子里又是黑色的。冬天的时候天很蓝，like a dry plate of pigment. And the hawthorns grow bright red.

可是就算回到那里也再也见不到他们了。

是的，再也见不到了，但是

You know that I miss it there.

The continent.

The further side where isn't an end, and the seashore that leashes the islands. You know that the sea surface isn't plain there, for you always see the islands and the fishing boats. And at night, the lights dot into a line afloat at where the spheric globe makes the sea meet the sky.
It undulates with the waves and the heat waves. You will see when the air conditioner goes broken, so you wake up in the middle of the night.

You know, that on the other side are the hills and the plain. I'm not there that often, but I still miss it there. The dirt on the slope smells like coal. It looks yellow but as you breath it in it turns black. The sky is so blue in the winter, that it blues like a dry plate of pigment.
And the hawthorns grow bright red.

But you can't see them again even if you go back.

Yes, never again, but

I saw the silhouette of two heads sitting on the sofa, and everyone shooting email.

I know the happy days are gone.

So I lazily reply:

Will we be happier if we don‘t know how time passes, if we don‘t count everything into seconds and minutes, if we don‘t think through decades and centuries. If we don‘t ask whether there is or was a birthday or a deathday. If we don‘t understand/number it, will we be happier?

But what do you think is the recipe that makes human being,

or preferably paramecium, even paramecium.
