

no.thing new means

sth. new us possible

I need art more than art needs me.

How can I say that bringing sth new is what I have to do?

or what I can do at all?

Is it heroic-
complex?

Is it narcissistic?

but sometimes I do want that

that excites me

but making itself excites me too

even its mediocre

I need it still

看不见的时候还应该心怀希望吗？

Possibilities

Phantom or promise

不知不觉地走到漩涡中去，真是可怕

竟然会在风雨飘摇中忘记内心的平静

但是我也是活人，总不能像佛祖一样稳坐莲台

我只有我的小船，和小舟上的风雨和平静

艺术——承载

this is the generosity of art

但艺术到底是什么呢？

我与非我

我与无我
