what do you mean by 'poetic'?

where do you need a story?
where do you tell a story?

太多负担，太多矫饰

要多久才能熟悉一个空间呢？

要多久才会觉得安全？

To be sincere to the space

That here's not an institution

a gallery

a pristine wall

Do we need a material list?

What do we need/want from the label?

why should we be prepared?

I want to say: that's stupid!

but stupidity diagnose doesn't resolve

so what to do?

what to do with stupidity?

"He took rationality too far that
it becomes irrational"

there's no question

that's the greatest question

don't

don't over-rationalize that

aren't they too optimistic for our time?

we all get a point being here now
why do you ask?
because we ARE.

what you can contribute is what you're contributing

大概这个世界有自己的节奏吧。

I don't think there's a thing should change.

We should survive.

我只想，对彼此好一些吧。

做善良的人吧。

做体恤善良的人吧。

做熨贴善良的人吧。
